The Berkshire Wedding Entertainment Specialists: Reviews

"Darren and the innovents team totally made our wedding day, in fact they made it even better than we ever thought possible. We spoke to Darren at a wedding fair and told him the kind of music we would like and from that moment on I knew we wouldn't regret using them. We had them for the whole day and evening, we had their LED love letters, sparkly backdrop and LED sparkly dance floor, as well as their chocolate fountain (which was a massive hit with all the guest!). The music they selected was perfect throughout the day, my guests were even commenting on how beautiful it was, and by the time the evening came, Darren had the whole place rocking! He picked music that I would never of thought of using, by understanding what our guests were like, and it was a massive success. I've got a big birthing coming up in a couple of years and will DEFINITELY be using them again! Can't recommend them enough."
Hayley Simpson

"Innovents provided an outstanding service for our wedding on 18th December 2016! Nothing was too much trouble, they went above and beyond and exceeded our expectations on the acts they provided, Especially with the surprise sparkle package which with was out of this world!!! Oh Darren, you were an absolute gent! You really made our wedding a day we will remember forever!"
Charlene and Mark Wheeler

"We were married at the Royal Berkshire Hotel in Ascot in May this year and Innovents were one of their recommended suppliers. We wanted a 5 piece band and a disco in the evening and Innovents were able to accommodate this. The were on hand during the day to provide music for guests whilst they were waiting for the ceremony along with music for actual ceremony itself. Paul announced us as we walked into the breakfast room and introduced the speakers. We really couldn't have wished for better, we had an unforgettable time and were able to enjoy every minute of our special day. Innovents made everything so easy and even provided some suggested play lists although on the night Paul just took stock of the audience and knew which songs would be right to get everyone up on the dance floor - a good night was had by all and the feedback from our guest and photographs of the evening was evidence of it. We would not hesitate in recommending Innovents to friends or family and if we can find another excuse for a party, we will!" Frances & Mark Cowan
